Current Building Materials & Architecture for Agents

4 hrs. CE, course # 33475

\$40

Elevate your salesmanship by increasing your knowledge of architecture and current building materials. This class studies architectural elements (inside & out) and traditional styles that help to define today's Post-Modern, Neo-Eclectic era of architecture. We dive into current trends and the pros & cons of certain building materials and techniques being used in new construction and home improvement projects. Learn what updates have the greatest ROI and how to modify and improve an outdated home.
